ENGINEERING

OUR STATEMENT:  
working with  
the wind and  
local people.

# Delegation tour to the Energy Island Bornholm

12<sup>th</sup> to 13<sup>th</sup> of September '24

The wind, the New Energy – a bridge between  
Mecklenburg-Vorpommern and the Energy Island Bornholm.

The aim of the delegation trip is to bring together  
business partners and local politicians from  
Mecklenburg-Vorpommern and Bornholm as well as  
other stakeholders who are operating in this region.

The theme of the delegation trip is new energies:

The entire value chain along wind energy  
(planning, grid connection and service)  
to hydrogen (production, transport and utilisation).

Organized by WindEnergy Network e.V.

Be a part of the tour!

## TASK Engineering is the new main sponsor of the racing team "Next Generation Boating".

The Class40 regatta racing boat will start her first trip in her brand new design, sponsored by TASK Engineering, on the 12<sup>th</sup> of September. A selection of esteemed participants will travel the same course on board of the ferry.

### Fancy an adventure?

Up to five people can accompany the regatta team around Lennart Burke and Melvin Fink on the outbound or return journey. The yacht will leave at **8.00 am on both days**.

Please contact us, if you would like to join.
